

# All Federal and State Primary Law Library

**Full-Text Plus™ editorial enhancements**

› **WEST KEY NUMBER SYSTEM**

The West Key Number System® classifies American law into more than 400 topics – 100,000 subtopics – accelerating your research by directing you to specific points of law.

Using this Key Number information in searches substitutes highly precise terminology for often ambiguous language. And finding just one case on-point leads directly to others – in any jurisdiction.

› **CASE SYNOPSES AND HEADNOTES**

West case synopses and headnotes summarize the facts, issues, procedural history, holdings and disposition of a decision – information otherwise scattered throughout the opinion.

Synopses and headnotes contain terms that may not have been used by the authoring judge, including terms of art and words that describe legally significant relationships among parties (e.g., landlord and tenant, husband and wife). As a result, a Westlaw search can retrieve relevant cases that an opinion-only search might miss.

**KeyCite citation research service**

KeyCite is the easy-to-use, powerful citator that includes citations to more than four million reported cases, 20 million headnotes, and one million unpublished decisions. Plus, citations to USCA®, CFR, statutes for all 50 states, over 600 law reviews, ALR®, Am Jur®, Wright & Miller, administrative materials, jurisprudences and many other sources.

**Integrated with Westlaw StatutesPlus™**

Westlaw StatutesPlus on westlaw.com® offers you timesaving ways to find, verify, read and interpret federal and state statutes.
