

US Patent Practitioner: Core Library and Litigation Library

Westlaw International has a targeted solution for your specific type of patent practice. The US Patent Practitioner products are designed around your workflow, your tasks, and your need for strategic information – both legal, and non-legal.

The US Patent Practitioner subscriptions are tailor-made to meet your needs. Whether you are drafting a patent application, filing an appeal, or representing clients in a patent infringement action, this practitioner-built resource provides a package of key patent law content that is easy to access from a single screen, and saves you time, every step of the way.

The US Patent Law Core Library focuses on patent filings and other prior art, as well as analytical, statutory and regulatory primary law.

The US Patent Law Litigation Library provides everything you need to practice patent litigation, including IP-specific case law, Patent Dockets, Patent Jury Instructions and Court Rules.
