US All State Primary Law provides access to federal and 50-state primary law sources: case law, key numbers, KeyCite, USCA, CFR, annotated statutes, Black's Law Dictionary, federal and state administrative regulations, and much more.

### Comprehensive State Coverage

All State Primary Law provides comprehensive support when you need statutes or cases from another state to help demonstrate or establish precedent when your state has no specific statutes or cases dealing with your issue.

### All State Coverage Includes

- State case law and headnotes
- State statutes - annotated - along with documents passed by legislative body
- West's Regional Reporters
- State administrative codes

### West Key Number System

The West Key Number System classifies American law into more than 400 topics and 100,000 subtopics directing you to specific points of law.

### Case Synopses and Headnotes

West case synopses and headnotes consolidate the facts, issues, procedural history, holdings, and disposition of a decision, and contain terms of art and words that describe legal relationships among parties (e.g., landlord and tenant, husband and wife) the judge may not have used. As a result, a Westlaw search can retrieve relevant cases that an opinion-only search might miss.

See reverse for the content highlights. Your account manager can supply you with the complete, current list.
