EMPOWERING LEGAL RESEARCH

With Westlaw International, you don't just get the content online. You also get clever functionality and time-saving tools that increase your efficiency and get you to the information you need, faster.

ANY WAY YOU WANT IT, YOU DECIDE

Know exactly what you're looking for? Use the Find service and input a document citation.

Unsure where to start? Broaden your search to several databases at once or browse the Directory.

Or if you prefer, you can choose between searching for terms in desired proximity or simply posing your question in plain English.

FOCUS YOUR SEARCHES, INCREASE YOUR EFFICIENCY

Do you regularly run searches in a specified area of law? Westlaw International allows you to personalise your homepage by editing the search fields and databases that are displayed, allowing you to refine your search and bring back information you know will be relevant.

CUSTOMISED RESEARCH TABS

Research tabs are organisational tools that help you focus your research. By using research tabs, you can quickly search within a particular topic, content set

or jurisdiction. You can customise which tabs sit at the top of your screen to ensure you get direct access to the databases of your choice on a daily basis.

TAKE YOUR RESEARCH FURTHER

For laws of Canada, the European Union, Hong Kong, the United Kingdom and the U.S., you can take your research one step further by linking from the primary laws to analysis and related materials. Analysis documents include the current status of the law as well as links to cited documents.

DIRECT LINKS TO PRIMARY LAW

One of the best parts about Westlaw International is that all content is linked.

When a case references a piece of legislation, there will be a direct link to it. When a case cites another case, you can link straight to it. This means your research is seamless and you waste no time performing additional searches.

Never miss an opportunity with WestClip...

Our WestClip Alert service keeps you informed by creating a search that runs automatically to deliver results to the destination of your choice - whether it's email, print or download.
